

We deliver!

Less time, less paper – more convenience

eStatements are a great new way to receive your Florida Credit Union account information, using email in place of traditional mail delivery.

How do eStatements work?

It's easy. When your statement is ready, you will receive an email. Go to home banking, sign in as usual, click on e-Documents, then view and/or download your information from your home or office computer.

Why should I sign up?

You can get your statement faster, and deal with less paperwork. Plus, eStatements are free!

How do I get started?

Just visit www.flcu.org, log on to Home Banking, and click on Preferences to sign up. There is also a handy reference right on our front page.
